ABOUT

Solutient Technologies offers turn-key radiological, environmental consulting, and remediation services for the DOD, DOE, EPA, and state and local agencies.

PAST PERFORMANCE

Department of Defense (DOD)

- **US Army - Rock Island Arsenal**
 - Aerojet Ordnance
 - Brooks Air Force Base
 - Camp Elmore, Camp Lejeune, Camp Pendleton
 - Cherry Point Marine Corp Base
 - Davis - Monthan Air Base
 - Iowa Army Ammunitions
 - Jacksonville Naval Air Station
 - Kingsville Naval Air Station
 - National Naval Medical Center
 - Naval Air Station - Millington and Pensacola
 - Naval Amphibious Base - Little Creek
 - Naval Hospital - Pensacola
 - Portsmouth Air Force Base
 - Pensacola Naval Station
 - Picatinny Marine Corp Base
 - Quantico Marine Corp Base
 - Tinker Air Force Base
- **Defense Logistics Agency (DLA)**
 - Defense National Stockpile Center
 - National Nuclear Security Administration
 - Global Threat Reduction Initiative
- **US Navy**
 - NAVFAC
- **DOE**
 - MATC

EPA

- RAF & RES
- FUSRAP

CORE COMPETENCIES

Nuclear Solutions

- Decontamination & Decommissioning (D&D)
- Strategic Radiation Protection
- CERCLA/RCRA Regulatory Expertise
- Contaminated Soils and Materials Treatment & Disposal
- Health Physics Expertise
- Radiological Risk Assessments
- MARSSIM-based Scoping Characterization and Final Status Surveys
- Facility Decommissioning & License Termination
- Mobile Decontamination & Decommissioning
- Radioactive Materials License

Remediation Solutions

- Remediation of Multi-Media contamination
- Design & Implementation of Remedial Actions
- Site Investigations/Site Assessments
- Remedial/QA/QC Work Plans & Final Reports
- High Safety Performance Culture
- CERCLA/RCRA Regulatory Expertise
- Large Scale Remediation Projects
- Treatment & Disposal of Contaminated Materials

DIFFERENTIATORS

- Designed/Implemented industry-leading regulatory solutions for multiple sites
- Delivered significant costs savings through innovative regulatory design & implementation
- Average of 35 years of radiological and remediation experience in each of top executives
